

DECLARATION OF COMPLIANCE

HONGSBELT EUROPE Sp. z o.o. Sportowa 13, 89-200 Szubin, Polska NIP 953-27-67-416, hereby declares under its exclusive responsibility that the:

Modular belts made based on following materials

Polipropylene
Poliacetal
Polyethelene
Polyketone
Nylon

conforms with the Food Regulation with reference to COMMISSION REGULATION EU NO 10/2011 of 14 January 2011 and amendments. The plastic materials or articles, products from intermediate stages of manufacture or the substances meet relevant requirements laid down in the above mentioned Regulation and Regulation (EC) No 1935/2004.

The belt is suitable to come into contact with any aqueous, acid, oily and fatty food listed in the Regulation EU 10/2011 and amendments. The overall migration of the authorized substances, measured using the prescribed extracting substances (simulants), did not exceed the max. permissible quantities of 10 milligrams of total constituents released per dm² of food contact surface (mg/dm²). The plastic material did not transfer its constituents in quantities exceeding the specific migration limits (SML).

The information herein contained is based on test reports of material samples of modular conveyor belts provided for testing in terms of global migration and specific migration of elements, formaldehyde and bisphenol A issued by KOMAG Institute of Mining Technology, material and environmental engineering laboratory dated 19.07.2023 and/or SGS-CSTS Standards Technical Services Co., dated 23.02.2022.

The raw materials used for the manufacture of modular belts comply with Regulation (EC) 1935/2004 as well as with the Regulation (EU) 10/2011 and amendments, on plastic materials and articles intended to come into contact with food the conditions of use of the modular belts according to the migrations tests conditions (2h/70°C).

These products have been manufactured in accordance with the requirements of Regulation (EC) 2023/2006 on good manufacturing practice for materials and articles intended to come into contact with food.

These products contains the following dual use additives according to Regulation (EC) No 1333/2008 (food additives) and Regulation (EC) No 1334/2008 (flavourings): E170
